Sir,

With reference to your telegram of the 9th instant requesting me to furnish particulars of advances drawn, etc., I have the honour to note in the margin the amounts drawn out of the advances till now sanctioned for relief works in this District.

Item	Allotment	Spent.
Takavi	15,000	14,500/-
Maintenance	5,000	1,140/-
Roads	5,000	1,286/-
V.I. Works	5,000	112/-
Gratuitous relief		4/-

The requirements for the relief measures up to end of January next subject to revision are noted below :---

Takavi ..	Rs. 76,000/-
Maintenance of Tanks.	" 29,000/-
Restoration-do-	" 24,666/-
V.I. Works.	" 14,333/-
temporary wells	" 75,000/-
Gratuitous relief	" 2,100/-

Till now the people were busy with the reaping of standing crops in most places and they have just now begun to come forward for relief works. As the regards the amounts required for Takavi and Land Improvement loans, I may state that at present applications for a total sum of over one lack of rupees are pending and it is reported that applications are pouring in every day in large numbers.

Sir,

In further reply to your letter No. R.2606-7/R.M. ~~dated~~ 11-23 dated the 8th instant and in continuation of my telegram dated 8-12-1923, I have the honour to enclose ~~here~~ with a statement of requirements of this District for the relief of distress up-to the end of January 1924. The statement has been prepared on the latest ~~a~~ information supplied by the Officers of the Revenue and the Engineering Departments and tested with reference to each taluk by my own personal knowledge. Portions of every taluk in the district are affected by the drought though in varying degrees and it

is

is difficult to frame an accurate forecast of the requirements but I am can say that the statement has been prepared with very great care.

2. Perhaps I must explain that the figures I have given in Cols: 2 & 3 represent the total value of the - estimates to which Government may be committed though it is possible - may probable that the full amount would not be spent before the end of January 1924. For instance it mey be necessary to start a maintenance or a restoration work say in the beginning of January - but the estimate - may not be worked out till February or even later.

I have the honour to be,
sir,
your most obedient servant,

Deputy Commissioner,
Kolar District.

Statement showing the total approximate requirements up to the end of January 1924 for the relief of distress in the Kolar District prepared with reference to Revenue Secretary's letter No. R.2506-7/R.M.11-23 dated 8-12-23.

Dear Sir,

As desired by the Revenue Commissioner in his letter No.147/1923-24 dated 8/9th instant, I beg to submit herewith copy of my note submitted to him on the 8th instant showing the present requirements for the District under "relief measures" on account of the present distress in a portion of the District. This estimate is for the current month and I shall submit a reference in the first week of December for funds that may be required during that month if there be any necessity.

Yours sincerely,

Office of the Deputy Commissioner,
No.C.C.76/23-24. Bangalore District.
Dated Bangalore, 8th November 1923.

N o t e.

A note on the seasonal conditions of Dodballapur Taluk and elsewhere in the District.

Detailed reports re the seasonal conditions in the Dodballapur, Anekal and Nelamangala Taluks have already been submitted. Copies of reports of the Hoskote and Devanahalli Taluk Amildars are herein enclosed. Copy of the Closepet Sub Division Officer's report re the seasonal conditions in his Sub Division also accompanies.

To sum up the seasonal conditions in the District, it is only Sasalu Hobli in the Dodballapur Taluk that has suffered much and it is the Anekal and Hoskote Taluks which require our attention.

Allotment for works:-- In Sasalu Hobli, Sasalu Tank maintenance work has been ordered to be started; the Majare Hosahalli, Gummanahalli Sasalu road has been started and the Executive Engineer has been requested to start Doddagattamadu tank. work. The sum of Rs.5,000 sanctioned in G.O.No.2018-23/ R.M.11-23-32 dated 5th November 1923 will be utilised for the purpose. For the Anekal and Hoskote Taluks, a sum of Rs.10,000 in all may be held in reserve for works.

Allotment for Loans:-- Rs.6,000 has been sanctioned under usual annual allotment. There were not many applications till recently but there may be a rush should the seasonal conditions become worse. There has been a rush in Sasalu Hobli. It will be

safe if we have some more funds reserved, let us say Rs.4,000/- for the present.

Drinking water wells (Temporary):-- Rs.2,000 may be allotted for the present as the District Board has not come for help.

Fodder:-- The Government have authorised the Conservator to throw open the State Forests for grazing.. The question of opening some Fodder Depots will be investigated. Major Simpson has just now told me that there is a lot of good grass in Tarikere forests near the Railway and that this is the time to cut and stack it and hold it in reserve as later on the grass will be destroyed by forest fires.

Establishment:- The Amildar of the Doddballapur Taluk may be given the services of a temporary Sub Overseer on Rs.40 plus 20 to look after the works in Sasalu Hobli. Sanction may also be accorded to entertain similar establishment in the Anekal and Hoskote Taluks if necessity arises.

The Visakha rains will be over on the 19th instant and the Amildars and the Sub Division Officers will be invited to attend a meeting at District Head Quarters to consider the remission question and the measures that may have to be adopted till the Mungar rains commence.
